Foundation Funds Ballistic Helmets for Police Officers

JUNO BEACH, FL (May 1, 2019) – The Juno Beach Police Foundation announced today that they have funded the purchase of ballistic helmets for our Juno Beach police officers.

“The goal of the Foundation is to provide our law enforcement officers with the most up to date equipment and technology available so as to ensure their safety while they serve to protect the residents of and visitors to Juno Beach.” said Tom Murphy, president of the Police Foundation.

While we continue to hope and pray that a high-intensity ‘*active shooter*’ incident will never occur in Juno Beach, we must make every effort to ensure that our police officers have the necessary equipment to protect themselves. Our police officers can’t help others unless they are safe and protected themselves.

Juno Beach police officers are currently equipped with active shooter ballistic vests that help mitigate high powered rifle shots. But surveys and interviews with convicted felons show that cop-killers are aware of that and are now more focused on head-shots. The safety and survival of our officers is crucial to the safety and survival of the entire community.
